The image shows a map of a river system. A dashed brown line represents a river or boundary, starting from the left edge, curving slightly down, then up, and finally dropping sharply towards the bottom right. A small white structure, possibly a bridge or dam, is located at the top center. The map is divided into two main sections by a vertical red line. The left section is labeled 'IO92UX08' and the right section is labeled 'IO92UX18'. The background is a light olive green color.
